Danfoss VLT AutomationDrive FC 302 Pdf User Manuals. View online or download Danfoss VLT AutomationDrive FC 302 User Manual, Instruction Manual, Installation Manual. The HTTP protocol is transaction-driven. This means that each request will lead to one and only one response. Traditionally, a TCP connection is established from the client to the server, a request is sent by the client on the connection, the server responds and the connection is closed. When haproxy is running in HTTP mode, both the request and the response are fully analyzed and indexed, thus it becomes possible to build matching criteria on almost anything found in the contents.
