The more tickets purchased will increase your odds of winning. Consider that an average state lottery has jackpot odds of about 100,000,000 to 1 -- it's often even worse: The multi-state "Powerball" lottery has jackpot odds of about 185,000,000 to 1. Holding fifty tickets only would improve your odds to 100,000,000 to 50. Play the National Lottery from October onwards. This ensures that your chance of winning a million pounds increases from 14 million-to-one to 10 million-to-one. Your chance of winning a smaller sum of money will also increase - from a one in 54 chance, to one in 9.3. Lustig says a guaranteed way to increase your chances of winning the lottery is simply by picking your own numbers versus using the "quick-pick" ticket option. Okay, we all "want to win the lottery," but do you really, really want to win?. It takes a lot of determination (and money) but experts and former winners say there are ways to improve your odds of winning the jackpot.. Remember: Playing the lottery is a form of gambling, so know your limit and play within it. 1.
