

# **Download Residential Construction Academy Electrical Principles**

The HBI Residential Construction Academy (RCA) works to bridge the skills gap between the classroom and the building industry job site. Working with National Association of Home Builders (NAHB) members, HBI RCA developed the National Construction Skills Standards—the first set of skill standards for the residential building trades. Visit the Curriculum page of Greater Michigan Construction Academy website for more Building Construction Trades programs. Building Trades / Construction Delmar Cengage Learning provides construction professionals and those just starting their career with the instruction they need to improve their building trades skills and meet national standards. The PSI Learning Academy provides access to quality materials for exam preparation, pre-licensing and continuing education in partnership with industry leading education providers to help you pass your licensing exam, prepare for your career and meet all your state's educational requirements.
