

Download Vaccinating Your Child Questions And Answers For The Concerned Parent

UPDATE! If you'd like answers to the following questions, I've written a book that covers 40 of them, specifically for parents! My book, *Keeping Your Kids on God's Side: 40 Conversations to Help Them Build a Lasting Faith*, was published by Harvest House and was just released in March 2016. As a parent, you want to protect your little one from harm. Before you decide to vaccinate your baby, you may wish to know more about: how vaccines work how vaccines work with your baby's immune system vaccine side effects/risks vaccine ingredients vaccine safety Use this page to find this ...January 6-12: Video of the Week: January is Cervical Cancer Awareness Month - Watch CDC's New Video on HPV for Healthcare Providers: Every year, 27,000 men and women are affected by HPV-related cancers. Most of these can be prevented by vaccinating boys and girls ages 11-12. Questions and answers (Q&As) about diphtheria vaccines (DTaP, Tdap) from immunization experts at the Centers for Disease Control and Prevention (CDC).
